

Maths week 4 activity 1

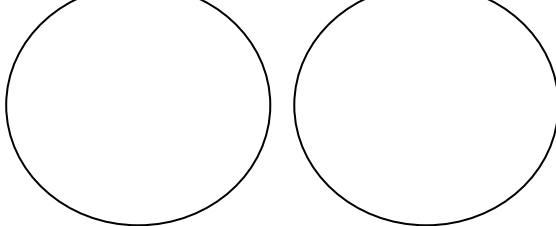

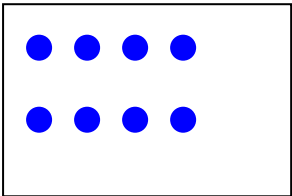

Can you divide each of these total amounts by 2? Use a 'one for me, one for you' approach to share the sweets equally between the two plates, crossing them off as you go. Then, write the division number sentence at the end and work out the answer by counting the value on one of the plates.

1. 10

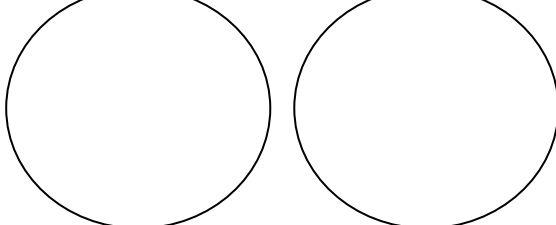

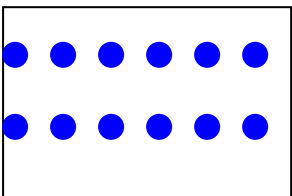

$10 \div 2 = 5$

2. 8

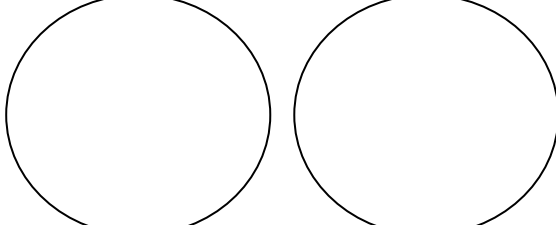

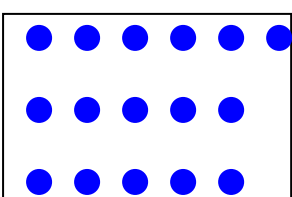

.....

3. 12

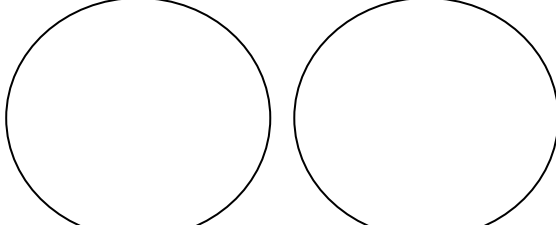

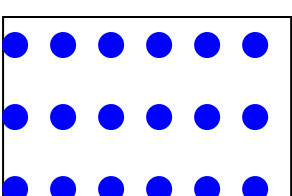

.....

4. 16

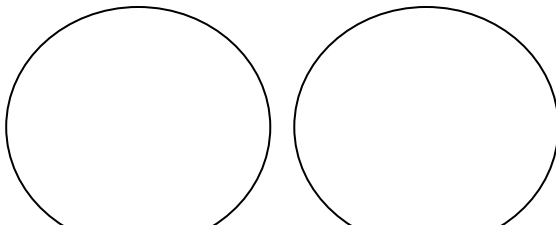

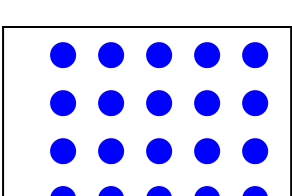

.....

5. 18

.....

6. 20

.....
