

Hi Emerald Class,

If you are learning from home, we miss you in school and the classroom doesn't feel the same without everyone all together but we hope that you are well and keeping safe.

English:

This week we are continuing with our work based on 'The City of Silence'. The children in school have really enjoyed this unit so far and we hope you have to.

Maths:

- Fractions and Percentages -1 day
- Algebra – 2 days
- Finding the mean (average) – 2 days

For each day, there are a couple of help pages then there is differentiated activity ('mild' is easier and 'hot' is harder). There is also an investigation challenge for you to do. You will not need to print everything off, probably just the 'warm' or 'hot' sheet.

Websites to help you:

<https://www.bbc.co.uk/bitesize/tags/zncsscw/year-6-and-p7-lessons>

Topic:

Transition – We are starting to put together the Year 6 Leavers book and would like each child to complete a page all about their time at Kingshill. You will either have to type onto the document in the week 4 folder and email it to Mrs Cleaves or hand write it and pop it into school. The children are also compiling a collage of pictures of themselves throughout their time at Kingshill using Microsoft publisher .

PE:

Please continue to work on your personal challenge activities. We have also been doing the Virtual Summer School Games Challenges in school and these are easy to access at home too.

We would love to see any work or photos that you have, and we can share them too if you would like us to. Look after yourselves and each other.

Mrs Evans and Mrs Bennett
