

Hi Emerald class,

So now you are all back at home after many of you have been in school for the past 5 weeks. We hope those of you that returned enjoyed your final term at Kingshill and to those of you who were at home we really missed you.

### **Maths and English**

To keep you busy for the next 2 weeks we have uploaded a variety of English and maths activities so pick what interests you and make sure you challenge yourself. You can also take a look back at previous weeks' work if you didn't manage to access it before.

### **Art**

We have uploaded some mindfulness colouring and a zentangle challenge and for those of you that enjoy sketching, have a go at 'Drawing with Rob' on the website below.

<http://www.robbiddulph.com/draw-with-rob>

### **PE**

Make sure you keep active and perhaps have another go at the School Games challenges we did in school and see if you can beat your scores.

<https://www.wesport.org.uk/active-education/school-games/2020-summer-virtual-school-games/>

### **Transition**

We have uploaded a transition booklet which you might find helpful when preparing for your move to secondary school.

We know it's been a strange ending to your time at Kingshill but we have been so impressed with the mature way you have all adapted and we hope you take some happy, positive memories away from this last term.

Thanks for being such a lovely bunch and do keep us updated with how you're getting in.

From

Mrs Bennett and Mrs Evans
