

Monday 25th January 2021

Morning Sapphire, I hope you're refreshed and ready for another weeks learning.

Maths: Today we are looking at Correspondence, this is the last in this unit, so tomorrow you will have a little quiz to do. Watch this video and [Spr4.3.4 - Correspondence problems on Vimeo](#) and have a go at the worksheet. There's also a challenge sheet for those who want it.

English: Our English for the next 3 weeks will be looking at how to write a diary entry and finally create our own. You will be exploring the Riberenos, also known as the river people, who live along the banks of the Amazon river in South America. When you come to write your own diary entry, you will imagine that you are a Riberenos and your writing will describe your life living by the Amazon river.

Today I want you to carefully and thoroughly read through the power point and add information to the notes that you started last week. Also enjoy the short videos **PARENTS, THESE ARE FROM YOU TUBE AND WILL NEED SUPERVISION**. Really immerse yourself into life on the Amazon river, find out as much as you can. Imagine what it would be like if you were there, living amongst the river people.

PSHE: Today we're exploring the idea of thinking before you act. I want you to read through the power point and have a good think about the questions it asks. If you have someone with you, maybe you could discuss them. Ignore the possible outcomes activity in slide 10 as that works better in a group. I want you to have a go at the calming techniques poster activity. You may want to try some; they may be helpful.

PE: I've attached this weeks Hactive at home challenges. See if you can do them every day.

Bad Teacher Joke:

What musical instrument is found in the bathroom?

A tuba toothpaste.

Just for fun...
