

Thursday 28th January 2021

Good Morning Diamond Class. I am looking forward to seeing you on zoom at 1030. Have you got something that you would like to share with the group? Maybe you can say a couple of sentences about it.

Jolly Phonics have made their reading books available as free e-readers for Android and Apple devices until 31st May 2021.

Take care,

Miss Pennell 😊

Maths	Describing 3D Shapes https://classroom.thenational.academy/lessons/describing-3d-shapes-crwk2e Activities: Make a small collection of 3D shapes such as a small ball, a glue stick, a lego brick and a dice. Hide the objects in a bag and then put your hand in the bag and choose one of the objects. Describe the shape to an adult and see if they can guess the shape of the item you are holding. Then, they could describe one for you to guess. 3D shapes I spy and count to 10. Count how many shapes and write your answer on the checklist.										

RE

This week we will be learning all about Holi – Hindu festival of light.

<https://www.bbc.co.uk/cbeebies/watch/lets-celebrate-holi>

Watch the CBeebies videos to find out how the children prepare and celebrate Holi.

Let's think: What has been your favourite part of Holi? Why? Are there things that you have learned that you would enjoy doing with your family? Why?

Have fun with colour. What will you create?
