Good Morning Diamond Class. I hope you have had a nice weekend. What did you do? I went for a nice dog walk.

This week we will start looking at phase 3 letters and sounds. The videos are in two parts and are longer than the phase 2. I would recommend spreading out the videos and activities either over the morning or day. I have also added some maths and phonics challenges for the week. If you are finding that your child is a bit reluctant to sit and do the sheets the challenges might work better for you. Please try your best and find something that works for you and your family.

Parents please ensure that you supervise your child whilst on you tube.

At school, I write the child's name in yellow and put a dot at the starting place then I ask them to trace over the letters. After that, adults, if you write their name and then the children copy the letters underneath. Encourage them to start at the correct place and keep the letters in order.</p> <p>If children can write their name already, encourage them to form all the letters correctly.
