

Friday 14th January 2021

Good Morning Diamond Class! How are you? It is Friday, what a busy week. There has been a lot of learning going on. Well done everyone.

As we are now learning phase 3 letters and sounds, we have some new actions. I have made a new sheet for you to print and keep at home.

For the phonics and maths activities today, you need to use a dice. I have put a dice net on the website so you can print off and make your own if you do not have one.

Here is a challenge that you could do today.

Look out of the window. What can you see? Can you draw or tell someone?

Take care, Miss Pennell 😊

Dice Subtraction Game

Expressive Arts and Design

Have fun with music, art and dance.

**Musical chairs painting** ABC DOES...

Collaborative art is a nice activity if you have children of different ages at home or in a setting.

Set out any number of pieces of paper on a table. Play some music and march or dance around the table. When the music stops each child contributes to the paper in front of them, until the music starts again!

Can be done with crayons, paint pencils - whatever you have available.

Put on your favourite song and have a dance.  
If you wanted to, you could draw a picture in time to the music.
