

Thursday 11th February

Good morning everyone.

I'm looking forward to seeing you all for our first Thursday check in at 1PM today. For a bit of fun, I'd like you to think what your perfect sandwich would be and if you want, you tell the class in the meeting.

Today you will have 4 pieces of work to complete: Maths, English, RE and PE

Maths

Let's start your morning with some arithmetic – choose the level that is best suited to you and check your answers when finished with a calculator if you can.

Main maths

You have finished your unit on percentages so we would like you to do a **Percentages Assessment**. There are 9 questions so do as much as you can and then mark your work against the answers and record what your mark was out of 20. At the bottom of the 2nd page there is a self-assessment section so please circle the number for how confident you feel about percentages (1 being the least confident up to 5 which is very confident).

For the first challenge I have uploaded a reasoning sheet where you need to explain the mistakes that have been made in three short division questions.

For the second challenge I have attached a link to an online game which has 3 levels matching fractions, decimals and percentages. The activity can be printed and played if you'd prefer to work on paper.

Support maths

Today you are learning to **calculate quantities** of fractions and have a worksheet to complete. There is no video for this lesson. There is also a true or false question for you to answer and explain to show your understanding. Please remember to mark your work before handing it in

English

Today you will be using your plan to write the first draft of your diary. Look at the checklist to remind you of the features needed in a diary. I have also attached a range of different sentence starters that you could use.

RE

We will be continuing our work on the religion of Islam.

Watch the Oak Academy Lesson 5 'Where do Muslims worship?' You will need a pencil and some paper to complete the activities throughout the video.

PE

Today's Challenge is **super strength**. There's an activity sheet and video to help you understand what to do at each of the 5 activity stations.

This link should take you straight to the Youth Sports Trust PE Video but please make sure if you access any links on YouTube you are supervised by an adult.

If you want, you could also take part in a PE lesson with 'celebrity supply teacher' Gareth Thomas. He is a former Welsh international rugby player and he leads a fitness session from his back garden.
